Re: Docket No. NHTSA-99-5101 - 10
Notice 7

Gentlemen:

Unfortunately, as a retired private citizen, I have no technical information to offer.

However my own harrowing experiences based on 59 years of driving make me certain that new regulations to prevent mud and water being splashed by trucks and trailers on the windshields of passenger cars should be a priority piece of legislation.

Please consider legislation to support the requirement for heavy vehicle splash and spray suppression.

I have included a copy of my original letter to D.O.T.,

Yours truly.

Kenneth M. Fahy

Copy: Congresswoman Lynn Woolsey
